

Eyes on Australia

August 23, 2021 TLB Staff Tyranny, WORLD 0

ER Editor: The level of fascism in Australia currently is surreal as many readers know. And people are waking up to the fact that this may spread to other countries, such as yours and mine.

Whether it be endless lockdowns for very few 'cases' over 18 months, shocking police violence against protestors (rubber bullets on protestors and pepper spray on children), [killing healthy rescue animals](#) on some virus pretext (see this disturbing [reflection on the killing of these poor animals here](#)), herding **24,000 children** (so we are told) into a NSW stadium to be vaccinated (3 were reported to have died). See this useful interview done by Stew Peters with air force military vet Alan Hennessy in the last few days: [Three Kids Dead After Mass Vax in Australia – Aussie Vet Updates Stew Peters \[VIDEO\]](#)

We bumped into a tweet today (see below) from one of Australia's truckers via the Twitter account of [Gillian McKeith](#), whom we recommend following, as well as [Val Glass2.0](#) for things Australian. We also recommend checking in on [Australian MP Craig Kelly](#).

 **Melbourne Prisoner** 🇦🇺 @melbprisoner · Aug 22

Australian former NBA star Andrew Bogut says he was offered money to promote lockdowns, but refused. Clip below, and link to the full 11 minute video released on Instagram yesterday:

And a heartening scene of [citizen pushback against police in Melbourne](#).

So, the truckers are planning to create blockades at ports and border crossings between Australian states starting a week tomorrow, which – yes – are uncrossable now by ordinary citizens without having government permission. Action by truckers will take place within New Zealand, too. This blockade action was referenced in the Stew Peters interview above.

EVERY Truck Driver across Australia and New Zealand

💥 Tuesday 31st August
beginning 9am 💥

At every council chamber,
every Parliament House,
surrounding the homes of
every State Governor and the
Governor-General.

Macron was threatened with major strike action by the 'routiers' (truckers) in France, but managed to avoid such decisive action by exempting them from normal restrictions imposed on everybody else (except those also exempted, such as police).

We recommend listening to this trucker as he seems to be somewhat informed about the vaccines. He also says the 'vets' are part of the truckers' efforts.

And we just found this on [Youtube](#) but don't know how long it will stay up:

***The Liberty Beacon Project** is now expanding at a near exponential rate, and for this we are grateful and excited! But we must also be practical. For 7 years we have not asked for any donations, and have built this project with our own funds as we grew. We are now experiencing ever increasing growing pains due to the large number of websites and projects we represent. So we have just installed donation buttons on our websites and ask that you consider this when you visit them. Nothing is too small. We thank you for all your support and your considerations ...
